Two Dollars a Year.

### OTTAWA NEWS.

#### NOTICE GIVEN BY THE GOVERNMENT

of their intention to ask for Authority to borrow Twenty-five Million Dollars.

OTTAWA, May 1.—Notice is given of the government's intention to ask for authority for borrowing \$25,000,000 to pay floating indebtedness of the Dominion and to carry on authorized works.

With a view of enabling Parliament to be prorogued before Lansdowne leaves Canada, Sir John moved this afternoon that for the rest of the session Wednesday should be set apart for Government business. Sir John said it would not doubt be a great gratification to his Excellency to wind up his administration by proroguing Parliament. The motion was unanimously carried.

#### Reduced to 5 Dollars.

WINNIPEG, May 1.—The Morning Call has reduced the annual subscription from ten to five dollars.

#### Virgin Mary Statue.

MONTREAL, May 1.—The scheme to erect a statue of the Virgin Mary on Mount Royal has fallen through, Archbishop Fabre having withdrawn his support in deference to protestant citizens.

#### Minister Dead.

HAMILTON, May 1.—The Rev. S. J. Hunter, pastor of the Unitary Methodist church died to-day.

#### Condemned.

LONDON, April 30.—A meeting of Englishmen and Irishmen held at Aldershot, condemned the Pope's decree and resolved to found a branch of the home rule organization and to cease contributing to Peter's pence.

A furious gale prevails off the Irish coast. Fears are entertained that many vessels will be disabled or lost.

#### Escaped Prisoners.

ALEXANDRIA, May 1.—Yesterday a party of escaped prisoners took possession of the Mosque near this city. The police surrounded the Mosque and a desperate conflict ensued. Fifteen convicts were killed. The police lost four men killed and wounded.

#### Pick Pockets Cry Fire.

PRAQUE, May 1.—To-day in a menagerie here, where a crowd of fifteen persons assembled, pickpockets raised the cry of fire which caused a stampede. During the frantic efforts of the crowd to escape, six persons were trampled to death. Many were seriously injured.

#### Great Rejoicing.

MEDICINE HAT.—The residents are much elated over the assurances given by Mr. Howland, President of the Coal & Railway Co., that the road will be built and the mines opened up at once.

The Times will appear as a daily commencing on the 7th of May.

#### Pacific Coast News.

SAN FRANCISCO, April 30.—The corner stone of Sweeney's beet sugar refinery at Watsonville was laid on the afternoon of the 28th with appropriate ceremonies. Mrs. Charles D. Failing, who shot and killed her husband nearly two weeks ago, appeared in the Probate Court this morning with her lawyer intent on discovering the whereabouts of some of the dead man's property alleged to be in the possession of the women who were indirectly connected with the tragedy. After the examination of several witnesses the further enquiry was postponed until Monday.

The master brewers of this city and their employees, all members of the Brewers and Malsters Union, are anticipating trouble on May 1st. On that day the contracts of the men with the various breweries expire, and the bosses want to inaugurate the system of employing men prescribed by the National Brewers' Association. In a few words the brewers desire the privilege of dealing with their hands directly and not through the Union. Their contracts for labor all expire at one time, and the Union men expect to walk out exactly as their fellows did in the East.

Macleod Gazette: The Indian "Ball Shoes," who was missed last fall, and found recently, as reported in the Gazette was undoubtedly murdered. The party which went out found the Indian in a coulee, and on examination by Dr. Baldwin, a bullet hole was found through his head. The ball entered his head at the top, far back, and Dr. Baldwin took it out low down his cheek. The coroner's inquest is still going on. Supt. Neale and Mr. D. J. Campbell left for the reserve on Saturday to continue it.

A despatch from Kingston, Ont., dated April 14th says: "Inspector Wood of the Northwest Mounted Police, one of the first graduates of the Royal Military College, was married to Miss Daly, daughter of the Napanee police magistrate. As a captain of a company of the 90th battalion he saw service at Fish creek and Batroche. At the close of the rebellion the Government offered him a commission in the police force."—Regina Journal.

### OTTAWA NEWS.

#### MEMORIAL FUND FOR HON. MR. WHITE'S WIDOW.

The Proposition to Make a Grant to Widow of the late Minister well Well Received.

OTTAWA, April 28.—A petition is being circulated amongst the members of Parliament for signatures, asking the Government to make a liberal grant of money to the widow of the late Minister of the Interior.

Sir Charles Tupper proceeded yesterday afternoon with his speech on the budget. In reviewing the receipts of the last completed fiscal year, he referred to the large increase in business, as evidence of the increased prosperity in the country, and also claimed that he could see in the "decreased duties on alcoholic liquors, evidence of the development of temperance principles. Sir Charles showed that the results of operations for the fiscal years 1886-8 had surpassed the expectations of the Government. In passing on to the present fiscal year he made the following comparisons between estimate and realization of revenue: The estimate of revenue made in 1887 for this year was \$35,400,000. The revised estimate made in 1888 is \$38,000,000. The estimate of expenditure of this year is \$37,000,000, leaving a deficit of \$1,000,000.

#### European Echoes.

LONDON, April 27.—At the Grand Trunk Railway company's meeting to-day, Sir Henry Tyler said that they met as a new board, new shareholders, a new company, making a fresh start from January 1st. It had not been a start such as might have been wished, but there was no occasion for despondency. The deficient harvest in Ontario, the failure of Ontario banks, had adversely affected the Company, though the traffic over the great lakes happily continued to increase, especially as regards the dressed meat traffic. The time was not far distant when a solution would be reached by a conversion of the various securities of the company, making a saving in interest which would prevent the company from feeling the expense consequent upon doubling the line between Montreal and Toronto. The report was adopted. Grand trunk securities are depressed consequent on the report of the meeting.

The issue of the Canadian Pacific railway company's statement of the monopoly settlement sent stock up to-day. The New South Wales 3 1/2 per cent loan has just been tendered for. It was subscribed twenty times over. The average price is £108 12s, though £102 was the minimum. Canadian credit is higher than that of New South Wales.

The Toronto Lacrosse team spent yesterday in Chester after defeating the Heaton and Mersey team by 6 to 1 in a good game. A grand soiree was given last night by Owen's College, Manchester, in honor of the team. They will play at Liverpool to-morrow.

The totals of last week's immigration to Canada in 6 direct steamers were 2,337 English and 1,622 foreigners. The emigration to the States was 2,613 English and 3,361 foreigners. The normal rate of emigration to the States as compared with the Dominion is as 10 to 1.

DUBLIN, April 26.—During the last fortnight the American donations to the National League have amounted to £2,000. The donations of the home branches of the League reach \$1,935 in the same time.

#### LONDON.

At Durango, Colo., a tunnel over a mile in length has been completed in connection with an irrigating canal to reclaim 200,000 acres of land. The water is obtained from the Dolores river.

Two log drivers at Barega, Mich., placed some frozen dynamite cartridges on a steep to throw them out when an explosion took place killing both men and fatally wounding three others.

Two cases of small pox were discovered at Oakland, Cal., on Monday night. The postal service between Port Townsend and Sitka has been increased to twice a month.

A Philadelphia despatch says that the K. of L. organization must obtain more funds or reduce its expenses. During the 1885-6 the order gained nearly 60,000 members and expended \$105,795. During 1886-7 it lost 217,000 members and its expenses were \$491,683.

Much uneasiness is felt in Paris from the fact that there is unmistakable evidence that Boulangerism has already taken effect amongst the police of that city.

The offers received by the United States It is said that a liquidator will be appointed and the estate wound up in the manner prescribed by law. The liquidator will be under the direction of the court.

#### REGINA.

Regina Journal: His Honor, Lieut. Governor Dewdney and Mr. R. B. Gordon arrived here from Ottawa yesterday morning.

### Vancouver Correspondence.

To the Editor of the Herald.

I want to let your readers know how things are over here. Everything in the line of work is very dull just now, but speculation in property is as wild as ever. No steady carpenter or mason work to be had at present. It is said that several stone buildings will be started soon. There are twice as many men idle as there are employed. Whiskey drinking is quite a business in this city, especially amongst men who have come from prohibition places like Calgary, when those that like a drop get where they can have a taste without breaking the law, they generally have a good time just to keep them from thinking long till work begins. If all the buildings go up that is promised there will be more work after a while. The weather is very fine now and it looks as if it were going to be fine for some time.

DOWN BY THE SEA.

Vancouver, April 24th, '88.

### Disgusted With Vancouver.

A letter has been placed in our hands written at Vancouver on the 25th inst., to our immigrant agent Mr. Miquelon, who met and conversed with this gentleman when on his way to the coast two or three weeks ago.

MR. MIQUELON, Sir,—Do you remember the man from Montreal that you were talking to on the train and that posted a letter for you. I am in Vancouver and I cannot get work enough to keep my family. Can you tell me whether I could do anything at Calgary. How do you think I would do ranching or at carpenter work at Calgary. Will you write me if you please and as soon as possible, and if you give me any encouragement I will go to Calgary at once for there if nothing here for me, I hope to hear from you soon.

Yours respectfully,

In reference to the foregoing Mr. Miquelon tells us that he remembers the writer very well and further that he knows this gentleman to be possessed of sufficient means to go into contracting or mixed farming. We hope Mr. Miquelon will allow us to publish his reply as a matter of information to others.

### Correction.

To the Editor of the Herald.

Sir,—I beg to correct some statements made in last night's Tribune, in reference to the fire which occurred on the morning of the 26th inst. The bursting of the hose was due to Mr. Cockle, who came and told they were waiting for water, I took it for granted that he knew what he was talking about and that the chief had sent him. I immediately started the engine, which resulted in damage to the hose simply because Mr. Cockle gave me wrong instructions. Another statement made is false, i. e. that Mr. Cockle fired the engine. Mr. Howard Douglas and Mr. McQuarry fired the engine, and she was up to 140 lbs., but when run down to 30 lbs in consequence of his own mistake. Mr. Cockle did follow Mr. Douglas and Mr. McQuarry to the shed and with them bring in some kindling wood to hurry up steam a second time. These are facts which can be proved beyond contradiction. Mr. Cockle to the contrary as much as he pleases.

Jas. Grier, Engineer.

Calgary, April 27th, '88.

### Card of Thanks.

W. H. Schneider, Esq. general agent Federal Life Assurance Company, Winnipeg. Dear Sir,—I am desirous of tendering to your company my warmest thanks for the early payment of the \$5,000 insurance on the life of my husband, S. J. Hogg. The cheque for the full amount having been sent immediately after the receipt by the company of the necessary proofs. Such prompt action in the payment of policies is worthy of the highest commendation, and it certainly will bring to the company the success it so well deserves.

Yours truly, CATHERINE HOGG.

### Voting Regulations.

Medicine Hat Times says: "Owing to the extreme courtesy (?) of Mr. Sutherland, Esq., the board of school trustees are allowed six feet square in front of the immigration building to-day to receive votes for and against the issue of debentures. The trustees wanted eight feet, but Mr. Sutherland could only spare six. This is owing to the fact that he would be out himself, and he needs considerable room. Mr. Sutherland is a great man in his own estimation; but only in his own estimation. He is very gay of late and is probably afraid, that by giving too much in his official capacity, his position as government immigration agent might be jeopardized; and the sincere mentioned in the Sittings of last week, we give to the applicant whose abilities and desires seem well suited to the soft snap. We now have it on good authority that a petition is about to be circulated asking that a more obliging and better qualified man be appointed as successor to this Mr. Sutherland, Esq."

#### Human Tigrisses.

Few York, April 25.—The Mail and Express, of London, says: A duel was recently fought between two women in Corica. The principals were Francesca Fortunati and Benavita Pasqualini. A long and bitter hatred existed between them and to end their quarrel they agreed that one of them must die. They settled on a duel as the fittest method of deciding the dispute, and regularly appointed the day, hour and manner of the fight. Both were on the ground punctually to the minute, and when the word was given they flew at each other like fiends. Stilletos were the weapons and were wielded with mad energy and rapidity. After a short struggle Benavita Pasqualini fell stricken through the with her adversary's weapon.

#### The Resigned Pastor.

Rev. Mr. Longley is a native of the Eastern Townships. He was born in Shefford county, Quebec, his father being a well-known railway contractor. He entered the ministry when a young man and held several pulpit appointments in the townships. He was next appointed a professor in Sackville college, New Brunswick, and on leaving there took the position of junior minister of St. James church, Montreal. Later he was pastor of the Dominion church, Ottawa, going from the Capital to Toronto. His next change would have been to the Centenary church, Hamilton.

#### TERRITORIAL AND PROVINCIAL.

Edmonton Bulletin: An outfit of fur belonging to P. Pruden of Lac la Biche, was sold this week to the H. B. Co., for \$1,800.

There is a prospect of the head offices of the Indian department in the Northwest being removed to Calgary. This would be a good move.—Edmonton Bulletin.

Edmonton Bulletin: W. B. Cameron, assistant land agent, here left by Thursday's stage for Calgary and Brandon, where he will take a position in the land office at the latter place.

All the range cattle that were wintered in this district have passed the trying ordeal of spring in good form and are in excellent condition.—Saskatchewan Herald.

Sask. Herald: Col. Wm. Herchmer, Assistant Commissioner of the Mounted Police, arrived here on Sunday night, on a special mission to enquire into the condition of Indian affairs. He intended to return South by Wednesday's stage, but other instructions having been received he will remain until recalled.

Sask. Herald: The farmers are everywhere making preparations to put in full crops, and many of them have their land ploughed ready for seeding. Some of them will begin sowing this week.

Edmonton Bulletin: Some of the seed grain arriving is of excellent quality, and some has a good deal of foul seeds in it. There is a large quantity of native seed grain for sale in the country at fair prices, and it would be well for those who are able, as the great majority of the farmers are, to purchase their seed where they can be sure it is clean rather than take chances on introducing noxious weeds into their places for the sake of the small present saving that may be made.

OTTAWA, April 27.—Senator McInnis, of British Columbia, gave notice to-day that it is desirable that the Pacific and Prairie Provinces should have representation in the Cabinet.

## THE DEAD STATESMAN.

### THE FUNERAL TOOK PLACE THIS AFTERNOON.

And was the Largest Attended of any in Montreal since the Death of Darcy McGee.

MONTREAL, April 25.—The funeral of the Honorable Thomas White this afternoon was one of the largest and most representative gatherings ever seen in Montreal. Hundreds of citizens assembled to receive the remains which arrived on a special train from Ottawa at 1:45 o'clock. 174 members and senators and government officials came down from Ottawa. The remains were conveyed to the hearse in waiting and was followed by the largest procession seen here since the funeral of Darcy McGee, and proceeded to St. George's church where a beautiful service (Church of England) was conducted over the remains by Dean Carmichael. At the conclusion of the service the remains were accompanied by all cabinet ministers and numerous mourners to Mount Royal, where all that was mortal of Thomas White was laid in the tomb to wait interment in their last resting place.

William Montgomery, of Brantford, an old man 80 years of age, who resided on the Cochshut Flats and who had been missing from home for several days, was found in the canal, having evidently umbled in and been drowned.

ADVICE TO MOTHERS.—Are you kept awake night or broken of your rest by a sick child suffering and crying with pain of cutting teeth? ## THE FIRE.

### OVER WELLINGTON & MCKENZIE'S STORE.

Undoubtedly the Work of a Fire Bug  
The Chemical Engine Puts it  
Out.

About 12:45 this morning a fire was discovered in a bed room in the second story of the building occupied by Messrs. Wellington & McKenzie on Stephen avenue west. We believe it was Mrs. A. Ferland who first gave the alarm. Policeman Barker who was on duty had just gone up to the station to be on hand as usual when the train would arrive from the east. As soon as the alarm was given Barker rushed to the fire hall and had the bell rung. The chief of police and the chief of the fire brigade had both gone to bed at the fire hall before the alarm, but were quickly at work together with the other firemen who sleep at the hall. There was soon a grand turnout of the brigade and citizens to put out the fire. Mr. Frank Dick, the late chief and Mr. Geo. Murdoch, ex-mayor were very conspicuous in their well directed efforts, in fact too much praise cannot be awarded these gentlemen for their timely assistance. The chemical was of course first at work, a very short time was lost in getting a ladder from the back yard and putting it up to the front window to carry up the hose. But the chemical was got into working order in time to squelch the whole thing and was only a few seconds doing it, thus showing the wisdom and safety there is in having a chemical engine already primed. The steam engine was got out in fair time and the suction hose was placed in the tank.

A little time was lost through a mistake in the signal so that the water was turned into the hose which was still on the reel instead of the one laid to the fire. This shows that our brigade should lose no time in getting at practice, in order to prevent mistakes in the future. When Jas. Smart made an entry to the room where the fire was, he found the lamp under the middle of the bed showing most plainly that the fire was the work of an incendiary, as the whole bed was on fire right over where the lamp was placed. The firemen then threw the burnt bed out of the window. It was very fortunate that the fire was got under control before it made much head way, this building being situated right in between two other stores and dwellings where large and valuable stocks of goods are held. As near as can be found out there was no one sleeping in the room where the fire broke out, but it was in the room usually occupied by Mr. Wellington. Mr. Al. Trautwieser was sleeping in an adjoining room and had a narrow escape, without time to put on his clothes before appearing in public at such an early hour in the morning. The whole circumstances savour of suspicion, but on whom the suspicion rests we do not presume to say at present. One man is in the lockup as we write, but we forbear mentioning names at present. The plain story of his worship the mayor or the fire insurance agents interested to demand that an "inquest" of the most searching character be held. The great fire of November, 1885, the lively stable fire last fall and the present attempt were all unquestionably the work of fire bugs, who have gone unwhipped of justice.

### Pacific Coast News.

SAN FRANCISCO, April 25.—The steamer City of New York, arrived from Hong Kong and Yokohama this morning, bringing the following advices: The repairs of the great breach of the Yellow River go on very slow. It is said that the difficulties are so excessive that the officials who are supervising the operations despair of success. The Governor of Hunan reports that the earthquake which recently occurred in that province was not so serious as at first supposed. Instead of the loss of life being over 15,000, an investigation shows that but 4,000 people were killed. The Canadian Pacific steamer Parthia sailed for Hong Kong via Vancouver this morning. She carries a small cargo and only a few passengers.

NEW WESTMINSTER, April 25.—Advices from Ladner's Landing state that the spring run of salmon has commenced. The boats to-day brought in 60 to 70 fish to the boat.

The auction sale of lots in the city reserves held on Saturday evening was very successful and all but 8 or 10 undesirable ones were disposed of at a considerable advance on previous prices.

The woollen mill commences work for the season to-morrow a new manager has been engaged and a large output is looked for as numerous orders are awaiting completion of stock.

### European Echoes.

PARIS April 25.—The anti-Boulangier students marched from the Latin quarter late last night to the boulevard St. Michel, where they burned with their contending wagons loaded with balls of La Lanterne and the Intransigeant just issued and threatened to commit another outrage. In the midst of the excitement a thousand marketmen marched to the

scene and volunteered to protect the presses of the newspapers mentioned, which the students had threatened to demolish. A collision between the two parties is imminent.

LONDON, April 25.—Birdie Grover, the female rifle shot, who, as one of Buffalo Bill's Wild West Combination, attracted a large share of the attention paid to that show, quarrelled with Mr. Cody, last Friday, and, without giving further notice, sailed from Liverpool for New York on the Arizona yesterday. Upon reaching Queenstown she changed her mind and decided to return to the show. Accordingly she landed with her effects, but was immediately pounced upon by the customs officials, who mistook her for a felon in disguise, and hurried her into the searching room. Three rifles which she had with her were seized by the authorities, and it was with great difficulty that she escaped being locked up.

DUBLIN, April 25.—Mr. Wm. O'Brien addressed a large League meeting at Fermoy yesterday. The police were confined to their barracks, and there was no attempt made to interfere with the proceedings. In his speech he declared that the meeting would have been held in spite of the Government's proclamation had the authorities seen fit to forbid it.

LONDON, April 26.—In the great rush of emigrants to Canada prior to the cessation of assisted passages, it has been found necessary to supplement the week's regular service by additional steamers. The Alans are sending three steamers to the St. Lawrence, the Dominion company two, and the Beaver company one, all carrying a full complement, in all some 4,500 passengers. The demand for passages is so great that many had to remain till next week.

The Bank of Montreal invite tenders for £60,000 of 5 per cent debentures, redeemable in 1908, of the Montreal Street Railway Company, at the minimum price of 108½. The whole property of the company forms the security for the debentures.

MONTREAL, April 26.—Gabriel Dumont lectured here to a large audience in the music hall last night. He said that the Northwest revolt was largely due to unfair treatment meted out to halfbreeds by the government's agents, in the Northwest, and the policy adopted by the Roman Catholic clergy who were in the habit of saying a great many things that were not true. He claimed that the first shot at Duck Lake was fired by the Prince Albert volunteers.

### The Emperor Improving.

BERLIN, April 26.—The Emperor is fast improving. Queen Victoria visited the Emperor's sick room this morning and saw him for a short time, after which Prince Bismarck had an interview with the Emperor lasting an hour.

### An Old Time Outfit.

One of the sights that used to be the most common in Calgary, before railroad days was the "ox train." But they are so seldom seen now a days, that the presence of one on our streets is sure to attract the attention of our tenderfoot inhabitants. An agent of Mr. John Smith, merchant, of Macleod, pulled out yesterday evening about 7:30 for that town with an outfit of six yoke of oxen and three large wagons all coupled together. Two of the wagons were heavily loaded with lumber and shingles, being together equal to about 5,000 feet of lumber. The hind wagon was loaded with goods and covered with canvas and can be used for sleeping in. Mr. Smith intends using about 50,000 feet of lumber in building this year and has adopted the above method as the cheapest for getting it to Fort McLeod.

### American News.

WASHINGTON, April 25th.—Representative Whitborne, chairman of the subcommittee of the House Naval Committee having in charge the bill now pending before the committee looking to the establishment of a naval reserve has received a long letter from Secretary Whitney, in which he declares himself earnestly and unequivocally in favor of such legislation. The Secretary says in his letter that the necessity for the maintenance of a naval reserve is so universally recognized at the present day, that an endorsement of the proposition is necessarily a matter of mere form. No nation maintains a standing army or navy adequate to its defence, or to the maintenance of its rights in war. All of them rely upon their reserves and upon preparation previously made for expanding quickly from a peace to a war basis. Under such a system a body of men supporting themselves by ordinary civil pursuits is enrolled and trained by the government sufficiently for its purposes in the event of war at a comparatively small expense. England, he says, maintains with an annual expenditure of less than \$2,000,000, an auxiliary naval force twice as large as the entire American navy. A naval reserve is so eminently consistent with our policy as a nation that the secretary can only express wonder that it has hitherto been overlooked.

WASHINGTON, April 25th.—The Committee on Ways and Means held a long meeting this morning, but failed finally to agree upon a decision on the tariff bill. The Republican members asked that 10 days of 5 hours each be set for the purpose. The Democratic members held that a shorter time would suffice if evening sessions were held for the debates.

### About John L. Generally.

NEW YORK, April 28th.—The World's Boston special alleges that Sullivan went on a spree aboard the Catalonia, insulted ladies, had fights with the steamer's employees, beat Anna Livingstone, and was so violent that the captain threatened to put him in irons. The Rev. W. R. Manly, one of the passengers, is given as authority for these statements. He says that Sullivan cursed Mrs. Manly, and the steward, who in defending himself, broke

a siphon over John's head, which pleased John so much that he said he was glad that the steward was on board. The engineer threatened to turn hot water on Sullivan, who thereafter let him alone.

NEW YORK, April 28.—Richard K. Fox in answer to Sullivan's challenge, says he will give Kilrain \$5,000 or \$10,000 to make a match. If Kilrain agrees to fight in a sixteen foot ring, it will not affect the American championship belt which Kilrain now holds, as the rules governing the belt call for a twenty-four foot ring. Kilrain wires from London, that he will accept Sullivan's \$10,000 challenge, P.R. rules.

TORONTO, April 25.—The election of school trustees took place to-day, and resulted in the election of Hon. Mr. Anglin, Archbishop Lynch's nominee by a majority of 95. The opponent's supporters are going to protest the election on the grounds of clerical interference.

T., where he will become a member of the Mormon colony there and engage in business. Mr. Stenhouse has recently been converted to Mormon doctrine.

## GAUDET, M. P. DEAD.

### THE MEMBER FOR NICOLET DIES OF BRIGHT'S DISEASE.

W. F. McLean of the Toronto World as an Independent Conservative in Cardwell County.

OTTAWA, April 30.—Another member of Parliament passed over to the great majority last night, in the person of Gaudet member for Nicolet, making the ninth member who has died since the general election. Gaudet has been in the general hospital for some time suffering from Bright's disease. He was a Nationalist but supported the Government.

TORONTO, April 30.—W. F. McLean, of the Toronto World announces himself an independent Conservative candidate for Cardwell. A general shuffle of the Cabinet is said to be at hand. It is reported that Sir Charles Tupper will resign after the session and that his son Charles Tupper to succeed to the portfolio of Postmaster-General in place of McLean, who will be made Lieutenant-Governor of Nova Scotia. Should Thompson be appointed to the bench, Abbott will become Minister of Justice, Foster will be made Minister of the Interior. Costigan will retire, his portfolio being abolished.

### PACIFIC COAST NEWS.

SAN FRANCISCO, April 28.—The brig, J. D. Spreckels, sugar laden from the Hawaiian Islands struck on a rock a mile outside of the Golden Gate at 4 o'clock this morning. She got off and was towed in with five feet of water in her hold.

The hull of the brig is damaged, but to what extent cannot yet be said. It is comparatively trifling to the loss of the cargo of sugar. She had 5,600 bags of raw sugar, and some other merchandise. All of the sugar in the lower portion of the hold is ruined. It is estimated that at least a third of the cargo is worthless and this entails a loss of \$10,000 on the owners. It is believed \$11,000 will cover all damages.

VICTORIA, April 27th.—The Times publishes the following, which explains itself to the Editor of the Times:—Sir: I observe by the Vancouver News-Advertiser of Tuesday last, that Mr. H. Ball has agreed to come to Victoria to row a match with me, and has named Wednesday, 9th, for deciding the contest, as well as depositing the sum of \$25 with the editor of the News-Advertiser, as a forfeit. I date upped by Mr. Ball is not a suitable one for me, but as the articles will be drawn up this week, a date no doubt satisfactory to both of us can be agreed upon. Meantime I hand you the sum of \$25 as deposit covering that made by Mr. Ball. (Signed) W. H. Paine, Victoria, April 28.

Warren Johnson and wife are in the city. He was employed by Young & Dunbar, of Portland, Ore., and embezzled \$1,000 with which he skipped. The man

J. Murphy, who embezzled \$600 from a young girl in Portland, also forms an addition to the colony of thieves from American side.

Sir Matthew B. Begbie, Chief Justice at the request of the creditors of the B. Stationery & Printing Co., today issued winding up order in court for that concern.

### GENERAL NOTES.

President Cleveland has written a letter to the U. S. District Attorney at Boston, calling his attention to the fact that many fishing vessels from New England ports are manned by Canadian fishermen for the fishing season on the Canadian coasts. As this is, in the opinion of the President, in contravention of contract labour law, and displaces American labour, he directs that prompt investigation of the matter should take place to stop the practice. Special U. S. Treasury agents report that many Massachusetts fishing vessels are manned almost entirely by Canadian sailors.

Monsignor Bouland, the Cork Catholic Churchman of yesterday says, has written a letter to the Pope, stating that he withdraws from the Roman Catholic Church in consequence of his inability to believe the dogmas of the last Vatican Council, the Pope's absolute authority in scientific, philosophical, social and political matters. Monsignor Bouland held high office in Rome.

At a banquet given on Tuesday evening in London, in honour of Sir John Lubbock, the great telegraph capitalist, Lord Selkirk who was among the guests said never was England's army in a more deplorable condition than it was at present. He disapproved, however, of the present army and navy system which sooner or would land England in disaster. The son was the system of party government which was a curse to the country, which was sapping the manly honesty formerly characterized its statesmen.

## Rev. Hen. Langley.

Our Toronto exchanges of the 20th inst., indicate that up to that time the charges against the late pastor of the Queen street Methodist church, are not well founded, and that instead of there being several young ladies mixed up in the scandal, there is only one.

Edmonton Bulletin: Farmers who are short of hay complain about the slowness with which the snow goes away this season. In other countries it has gone too quickly, causing some of the most terrible floods on record. It is hard to see everybody.

## The Fishery Treaty.

A Washington exchange says: A caucus of Democratic senators was held this morning to hear Senator Morgan upon the fishery treaty. It was not very well attended. Senator Morgan discussed for an hour the treaty in its political, economical bearings and the action of the Foreign Relations Committee. The of considering it in open session led adversely by a small major sentiment of the caucus, though later in a resolution, was favorable immediate consideration of the Treaty, and to the best of the Democrats for its ratification.

In the Senate Mr. Hoar offered a resolution, which was referred to the Committee on Foreign Relations, providing that the official reporter shall be admitted to report the debates and proceedings of the Senate when the fisheries treaty shall be under consideration, the report or such part of it as may not require secrecy to be published if the Senate shall so order.

**A 16-Year-old Boy to Hang.**  
 KANSAS CITY, Mo., April 25.—John Bogard, sixteen years old, pleaded guilty today to murder in the first degree. He was sentenced to hang. Bogard held the hands of James Wier, at Independence, Mo., last January, while Charles E. Meyers struck him on the head, killing him. Meyers was tried last week, convicted and sentenced to hang. Bogard is the youngest person ever sentenced to hang in Missouri.

**To Cross the Ocean in a Canoe.**  
 COSTON, April 25.—Captain Andrews is superintending the building of the canoe "Dark Secret," in which he is to make the voyage across the Atlantic in June. The little craft will be 14 feet 9 inches long, with one mast, a lateen sail, and iron keel so arranged that in case of capsizing it can be immediately released from the bottom, thus precluding any possibility of sinking. The Captain's experience in 1878 when he crossed the ocean in the "Little Nautilus" enables him to suggest many improvements in the construction of the "Dark Secret."

**Church Parade.**  
 The officers and members of Alberta Lodge, No. 1, I. O. O. F., will march in a body, headed by the band to the Presbyterian church next Sunday morning, when an appointed sermon will be preached to the brethren by the pastor, the Rev. J. C. Herdman, in commemoration of the anniversary of the establishment of the order in America. All members of Alberta Lodge and other odd fellows in town are requested to meet at the lodge rooms over the Herald office at 10:30 a. m. sharp, to prepare for marching at 10:50 to the church.

**Mr. Johnson.**  
 This gentleman representing some 30 families who wish to move from Dakota, and who stopped here a short time ago, returned from the coast yesterday. He was much pleased with Calgary surroundings when here before, and now that he has seen the coast country, he is more than ever of the opinion that our district is the place for him and his friends. The town council gave instructions at last meeting to chairman Orr to assist this man in seeing the country. It is now arranged for him to have a man and team and make a trip via the Cochrane ranch, Dog Pond, &c., to Edmonton trail and back to Calgary. He will start on Monday and be gone about a week on his trip.

It has been suggested by some leading citizens that a public meeting should be held at an early date in Calgary to give expression in form to the feelings of regret generally felt on account of the unexpected death of the late Minister of the Interior.

Mr. Joseph Chamberlain spoke recently before the Birmingham Radical Union. He ridiculed the notion of the Gladstonians that his sojourn in America had partly converted him to their policy. If the American Democracy had to deal with the Irish question they would make short work of the monstrous pretensions of the National League, and they would not allow the sacred names of liberty to be prostituted to the purpose of anarchy and crime. The Americans allowed no sentimental considerations whatever to stand in the way of laws made by the majority of the country. "Never in his opinion has the position of the Unionists been stronger than now."—Empire, April 19.

We desire to call the attention of the Council and Agricultural Society to an arrangement which has been made by other western towns, and which should at once be acted on here. It has been arranged with the C. P. R. that persons coming from eastern or transatlantic points with through tickets to the coast, can lay over at stations along the line, for the purpose of examining the country, and can resume their journey afterwards if they wish, or have their baggage returned to the point where they left the train should they decide to locate there. The plan pursued is for an agent to go down the line, meet the colonist trains, present the claims of their section, and get desirable immigrants to drop off to see the country. If Calgary had an agent on the train, say between here and Medicine Hat, considerable good might be effected. No doubt Mr. Miquelon would be willing to do all in his power. Perhaps the C. P. R. would grant a pass to an immigrant agent to represent the Calgary district on the trains as far as the Hat.

**Where is Mr. Russell?**  
 Mr. T. H. Russell is a young man with heavy blonde moustache, deep blue eyes, gold rimmed spectacles and amiable manners, who came to Toronto about four months ago from Ottawa, where he had occupied the position of city editor of

the Citizen. Finding that the journalistic ranks in this city were filled he obtained a position as clerk with Messrs T. McIlroy Jr., & Co., of the Toronto Rubber Co. He occasionally was sent to outside places for orders.

Mr. Russell has not been seen around town since a week ago Tuesday, and people to whom he is indebted are anxious to know his whereabouts. Especially anxious about him is his young wife, who arrived here unexpectedly from Ottawa about four weeks ago, and remained with him at the Revere House, where they boarded and where a bill of \$35 is now owing.

Proprietor Macdonald of the Revere, last saw Russell a week ago Tuesday, when the latter went out with his valise, and being followed by a boy sent by the hotelman, said he was going to the Mail office and would soon be back. He never returned. Mrs. Russell, who was seen by a reporter to-day at a place on King street west, where she is staying, says that her husband left her without saying where he was going. To a friend whom he saw that night he said he had not been doing right, but was going to brace up and go away.

Russell, it is understood, got from his wife before he left \$3 all she had. He is indebted to Mr. McIlroy to the extent of about \$200, and to various other friends from whom he had borrowed sums of money ranging from \$2 to \$20, the whole aggregating \$500.—Toronto News.

#### Independent Order Oddfellows.

As announced in HERALD last week, the above order to the number of seventy-five persons met at their lodge room, in the Herald Block at 10:45 a. m. yesterday. They formed in procession, in full regalia, headed by the Calgary brass Band to the number of fourteen instruments, under the able leadership of Mr. Harry Kirk, and marched to the soul-stirring strains of the Winnipeg 90th. Battalion quickstep, down Stephen Avenue to Osler Street, down Osler Street to McIntyre Avenue, thence to Knox Church. The Rev. J. C. Herdman, pastor of the church, preached an eloquent sermon to the brethren. The rev. gentleman took for his text the words found in the fourth chapter of Ecclesiastes, part of ninth and eleventh verses, which read as follows: "Two are better than one. A threefold cord is not quickly broken." The preacher dwelt with much earnestness and clearness on the example of unity and friendship as illustrated by the undying love between David and Jonathan, and manifested by the genuine friendship of the good Samaritan in relieving the unfortunate man who had been waylaid when travelling from Salem to Jericho. The choir of Knox Church, assisted by members of the Methodist Church choir contributed by their finely rendered selections, very much to the interest of the occasion. After the conclusion of divine service, the brethren marched to the Lodge room, and in meeting assembled, passed an unanimous vote of thanks to Rev. Mr. Herdman for the very able and appropriate sermon which he had delivered on this the anniversary of the establishment of the order in America. The resolution will be engrossed and presented to the rev. gentleman. A vote of thanks was also passed to the band for their very efficient assistance. The turnout of the brethren was a most creditable one to the Order, one indeed, that Calgary should be proud of. The whole proceedings made up one of the pleasantest and longest to be remembered anniversary celebrations of the order in Calgary.

#### Cost of Creamery.

For the benefit of those who may contemplate going into the creamery business, we give a memorandum of the cost of fitting up a factory with capacity for handling the product of 400 cows. The particulars were obtained by Mayor Shelton from the experimental farm in connection with the Department of Agriculture at Ottawa. There would, of course, be some difference between the cost here and at Ottawa, but business men can easily estimate what that would amount to. The building would be 36x36, with an engine room at the back 18x15.

Frame Building cost about.....	\$1 5 00
Engine.....	3 50
Two cream vats.....	80
One churn.....	50
One butter worker.....	10
Collecting cans.....	70
Three cream pails.....	9 00
One salt scale.....	5 00
One platform scale.....	15 00
Shafting, pulley &c.....	35 00
Oest churn.....	40 00
Miscellaneous.....	50 00
<b>Total.....</b>	<b>\$2,214.00</b>

**Alberta**  
 The Tenderloin of Canada.

**Calgy**  
 The Denver of Canada.

**As Denver**  
 Is the centripetal city of Colorado.

**So Calgary**  
 Is the centripetal city of Alberta.

Eighteen years ago Denver was about the size of Calgary. To-day it has a population of over 80,000.

**Alberta**  
 Is equal to Colorado in everything that will make it a great Province, and

**Superior**  
 to Colorado in many natural resources.

**Question**  
 What is going to make Calgary become a great city?

#### Answer

1st. Its geographical position on the Canadian Pacific Railway and midway between WINNIPEG AND VANCOUVER

2d. The vast Mineral Wealth, consisting of Gold, Copper, Lead, Iron in the Rocky Mountains to the west of Calgary, coupled with an unlimited supply of ANTHRACITE AND BITUMINOUS COAL, which is found all through Alberta, and is already being shipped in large quantities to San Francisco, where minerals and coal will make Calgary the smelting and manufacturing CITY OF CANADA.

3d. THE FINE WATER POWER which can be obtained from the two rivers that flow through the town.

4th. Millions of acres of the most fertile land in the world have been set apart by the Canadian Government for FREE HOMES. This land has been proved capable of producing very large crops of grain and vegetables in great variety, and of the finest quality without irrigation. Through these lands flow innumerable streams of the purest water, thus making Alberta a farming country second to none in the world, of which Calgary is now and will continue to be the capital and

#### COMMERCIAL CENTRE.

5th. THE CLIMATE is unequalled for its temperate and healthy character in the whole Northwest, being entirely free from severe storms, cyclones, blizzards and tornadoes, and is as much superior to the climate of Minnesota, Dakota and Manitoba as they are to Iceland.

6th. The fact that horses, cattle and sheep feed and fatten on the prairie the year round, the two latter when taken off the grass in February and March are equal to eastern stall fed animals.

7th. The inexhaustible supply of Pine, Cedar, Spruce, and other valuable woods of a size and quality such as never existed in the Eastern States, on the main line of Railway and banks of the rivers, to the west, which is floated in the logs brought in lumber by rail to Calgary and sold at low prices.

8th. The magnificent site of the town of Calgary, in a beautiful valley five miles long and two miles wide, with two crystal rivers 150 and 300 feet wide, flowing through it at five miles an hour, surrounded by the sloping hills on which to build private residences. In the distance looms up in stately grandeur the peerless Rocky Mountains, and in the Bow river are numerous islands granted by the government to make Parks for this Gem City of the West.

The town, now only four years old, has a population of 3,000. In it are solid business blocks built of native free stone. There are also churches, schools, hotels, in every way first class for the age of the place. There are two daily newspapers, and the town is lighted with electricity. In fact it possesses all the evidence of steady growth and increasing wealth.

To those who wish to make investments in Real Estate in Calgary I am prepared to sell over 1,000 of the best located lots in town at prices ranging from \$30 to \$1,500 each. Possessing an intimate knowledge of the growth of the Northwest States and Territories, I came to Calgary almost at the first and being convinced of its future greatness, at once made investments. I am the oldest, largest, and most experienced Real Estate dealer in Calgary, and feel confident I can sell property to all desiring to invest capital in this rapidly rising city at prices that will pay 50 to 100 per cent. within 12 months.
